Balikpapan, Indonesia

I am an experienced web developer with in-depth knowledge in website creation and development. I have expertise in various programming languages such as JavaScript, PHP, and others, as well as frameworks like Laravel. I am a dedicated and disciplined individual with a strong work ethic. I enjoy working in a dynamic and challenging environment and I am ready to contribute to an innovative team that is goal-oriented. I believe that my experience and skills in web development and creation will be a valuable asset to the company. I look forward to contributing to the creation of exceptional web experiences and successfully assisting in achieving business goals.
